

Communications affichées AGIR 2018

(A2018-01) Design and study of new antituberculous drugs

P. Laumaille, A. Dassonville-Klimpt, P. Sonnet

25th Young Research Fellow Meeting of French Medicinal Chemistry Society, Orléans, March 5-7, 2018.

(A2018-02) Hepatitis E Virus Lifecycle and Identification of 3 Forms of the ORF2 Capsid Protein

C. Montpellier, C. Wychowski, I. M. Sayed, J.-C. Meunier, J.-M. Saliou, M. Ankavay, A. Bull, A. Pillez, F. Abravanele, F. Helle, E. Brochot, H. Drobecq, R. Farhat, C.-M. Aliouat-Denis, J. G. Haddad, J. Izopet, P. Meuleman, A. Goffard, J. Dubuisson, L. Cocquerel

53rd Annual meeting of the European Association for the Study of the Liver (EASL), Paris, April 11-15, 2018.

(A2018-03) Enhancing the potency of aminoquinolinealcohols toward Gram-negative bacteria with conjugated peptides

A. Dassonville-Klimpt, P. Laumailé, S. Da Nascimento, F. Peltier, C. Mullié, S. Castelain, P. Sonnet

26th GP2A and 32th JFB Annual Medicinal Chemistry Conferences, Asnelles-sur-mer, June 13-15, 2018.

(A2018-04) Synthesis of piperazine-based siderophores to design broad spectrum antibiotics

P. Loupias, A. Dassonville-Klimpt, E. Lohou, N. Taudon, P. Sonnet

26th GP2A and 32th JFB Annual Medicinal Chemistry Conferences, Asnelles-sur-mer, June 13-15, 2018.

(A2018-05) Synthesis of novel Fluorene Derivatives with High Antimalarial Effect

J. Schneider, A. Dassonville-Klimpt, C. Mullié, P. Sonnet

8^e Journées du Consortium anti-Parasitaire et anti-Fongique (CaPF), Lyon, 22-23 Mars 2018.

(A2018-06) New multifunctional diamine drugs to prevent oxidative and carbonyl stress extension in Alzheimer's disease

E. Lohou, A. Sasaki, A. Boullier, P. Sonnet

26th GP2A and 32th JFB Annual Medicinal Chemistry Conferences, Asnelles-sur-mer, June 13-15, 2018.

(A2018-07) Management of probable and proven invasive aspergillosis in a university hospital center: a retrospective observational study

B. Valentin, F. Marçon, M. Belhout, B. Gruson, Y. Bennis, B. Vaysse, T. Chouaki

28th European congress of clinical microbiology and infectious diseases (ECCMID), Madrid, Spain, April 21-24, 2018.

(A2018-08) Synthesis and study of new antitubercular compounds

P. Laumailé, A. Dassonville-Klimpt, P. Sonnet

4th International Electronic Conference on Medicinal Chemistry, chaired by Dr. Jean Jacques Vanden Eynde, MDPI AG, Sciforum Electronic Conference Series, November 1-30, 2018;

doi: 10.3390/ecmc-4-05578 (electronic presentation).

(A2018-09) Trojan Horse Strategy: synthesis of piperazine-based siderophores

P. Loupias, A. Dassonville-Klimpt, E. Lohou, N. Taudon, P. Sonnet,

4th International Electronic Conference on Medicinal Chemistry, chaired by Dr. Jean Jacques Vanden Eynde, MDPI AG, Sciforum Electronic Conference Series, November 1-30, 2018;

doi: 10.3390/ecmc-4-05579 (electronic presentation).

(A2018-10) Synthesis and Evaluation of new 6-Formyl-oxazolo[3,2-a]pyrimidine Derivatives as Potential Src Kinase Inhibitors

J. Guillon, F. Hallé, S. Savrimoutou, S. Moreau, D.-H. Caignard, P. Sonnet

4th International Electronic Conference on Medicinal Chemistry, chaired by Dr. Jean Jacques Vanden Eynde, MDPI AG, Sciforum Electronic Conference Series, November 1-30, 2018;

doi: 10.3390/ecmc-4-05566.

(A2018-11) Enantiopure aminoaryl-alcohols with fluorene core and their antimalarial activities

J. Schneider, A. Dassonville-Klimpt, N. Taudon, P. Sonnet

4th International Electronic Conference on Medicinal Chemistry, chaired by Dr. Jean Jacques Vanden Eynde, MDPI AG, Sciforum Electronic Conference Series, November 1-30, 2018;

doi: 10.3390/ecmc-4-05575.

(A2018-12) New multifunctional diamine AGE/ALE inhibitors to prevent oxidative and carbonyl stress exacerbation in Alzheimer's disease

E. Lohou, N. A. Sasaki, Agnès Boullier, P. Sonnet

4th International Electronic Conference on Medicinal Chemistry, chaired by Dr. Jean Jacques Vanden Eynde, MDPI AG, Sciforum Electronic Conference Series, November 1-30, 2018;

doi: 10.3390/ecmc-4-05622.

(A2018-13) Gérer la biocontamination de l'eau froide: pragmatisme face au risque d'infection

C. C Adjidé, C. Devoye, R. Weiss, G. Outurquin, O. Obin, M. H. Fave, J. Brochart-Merlin, C. Mullié-Demilly

XIX^e Congrès de la Société Française d'Hygiène Hospitalière, Montpellier, 6-8 juin 2018.
